

CORE VALUES OF THE INSTITUTION

Our Institution along with its motto, “*Mind Moves Matter*” is committed to ignite the minds of the young, less privileged rural women students to shine at the fore fronts of Educational arena with moral values grounded deeply with a sense of service to the nation.

The core values of our institution are embedded in the following four fold aspects

- Kindling passion for teaching –learning with moral values.
- Imparting holistic education encompassing awareness of the self and society.
- Enhancing women education for personal as well social development
- Academic excellence along with employability skills

I) A Major section of our students are first generation learners hailing from the economically and socially under privileged communities of the society. Hence it becomes imperative on the part of the institution to kindle the spirit of learning and keep the spark alive for continuous progress of education. It is a well known fact that knowledge without moral values will lead nowhere. Hence to create responsible and respectable citizens our teaching is incorporated with moral values.

II) Importing Holistic Education:

When a girl gets properly educated, the whole family gets educated. Co-curricular and extra-curricular activities and the knowledge derived there upon are supplemented along with their subject knowledge which makes our students capable and their might to the society.

III) Discussion and Seminars on special women related issues, nutrition and health awareness programmes, social awareness processions and poster presentations and seminars on legal awareness prepare our students to enrich and equip themselves to confront the society with confidence.

IV) The crowning glory of the college is the academic excellence of our students. By following different teaching learning strategies for advanced learners and first generation learners as well as slow learners, we make it possible to produce the top-scorers and rank holders of the university exams and also to raise the pass percentage to the maximum. By training them in communication skills, soft skills, and interview techniques through different cells and clubs employability skills are fostered in our students.

With the available facilities and dedicated staff with updated knowledge, this institution marches ahead to reach perfection. Some of the topics taught by our Alumni to our final year students are on core values and the need of proficiency in English.

Some of our passed out sport students guide and encourage our present students to participate and practice sports events.

A few members of the staff who are the Alumni of this institution play vital role in guiding and encouraging the present students by arranging workshops and practices in sports.

Department wise list of Alumni and their participation is maintained separately.

Such contacts with the industrious Alumni of this Institution kindle the positive spirit of achievement and create business acumen in the minds of our young entrepreneurs.
